# Who We Are

Volare Travel Agency, based in Corfu in the Ionian Islands, has been successfully operating for four years across various tourism sectors, including cultural, mass, and seasonal tourism.

One of our greatest achievements is sports tourism, and more specifically football.

Thanks to our strong partnerships with Greek football clubs, we create unique travel experiences for children and teenagers who want to combine their favourite sport with the joy of discovery.

Our primary goal is team exchange between Greece and Italy, promoting sport, friendship, and cultural interaction. A project that truly promises to be unforgettable.
