Youth Program

Since 2004 we have had an active youthprogram.

Sometimes consisting of 4 players and sometimed 4 teams.

We take pride in being a club open for all and everyone, where we try to develop all players based on physical and mental maturity, rather than age and gender.

Hard to compete with other sports, but the plan is to be able to provide programs for age groups, according to the Federation model:

6-9 – U9 (Tee ball)

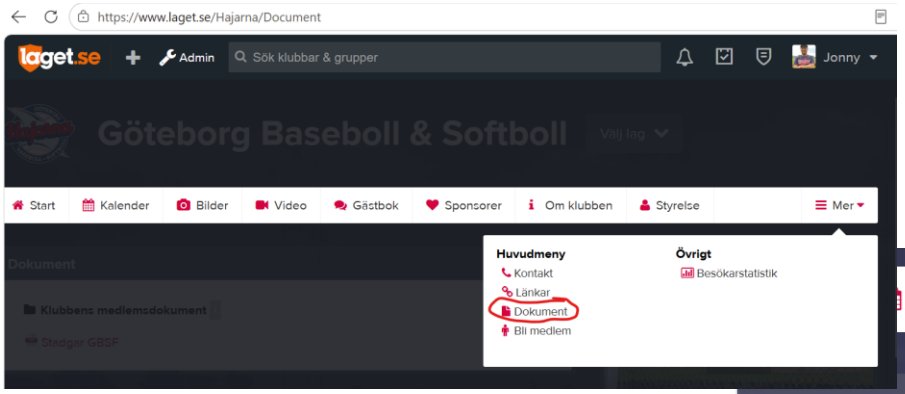

10-12 – U12

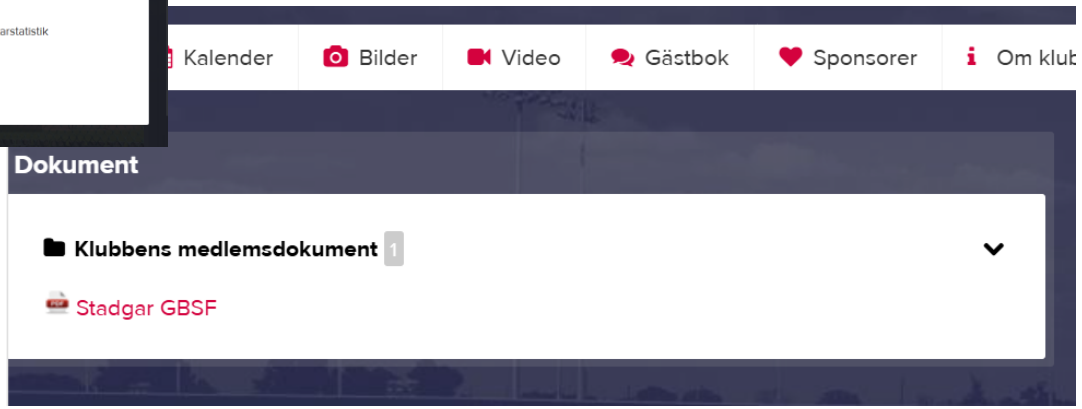

13-15 – U15

16-19 - Junior

Den Röda Tråden

- Our club document that describes policies and how the ballclub is run.
- Also includes policies about coaches, the teams, transportation and expenses.
- Can be found on laget.se

Vision

Bli en förening där alla drar åt samma håll, som är stark, effektiv och bygger på lust och engagemang.

Ju fler som älskar vår förening, desto starkare blir drivkraften att utveckla den.

To become a club where everyone works toward a common goal; a strong and efficient organization built on passion and commitment.

The more people who are passionate about our club, the stronger our drive to develop and improve it will be.

New field, Kviberg 2027/28

In september 2028 the construction of a new Ice rink will start at Fjällboplan.

Working together with IOFF (the municipality) we have looked back at plans from 2016 to build fields at Kviberg.

If all falls in place, construction will start after New Year. They will plant new grass in May, ready for some late pratcice in 2027 and for games in 2028.

3. Learning to Play the Game

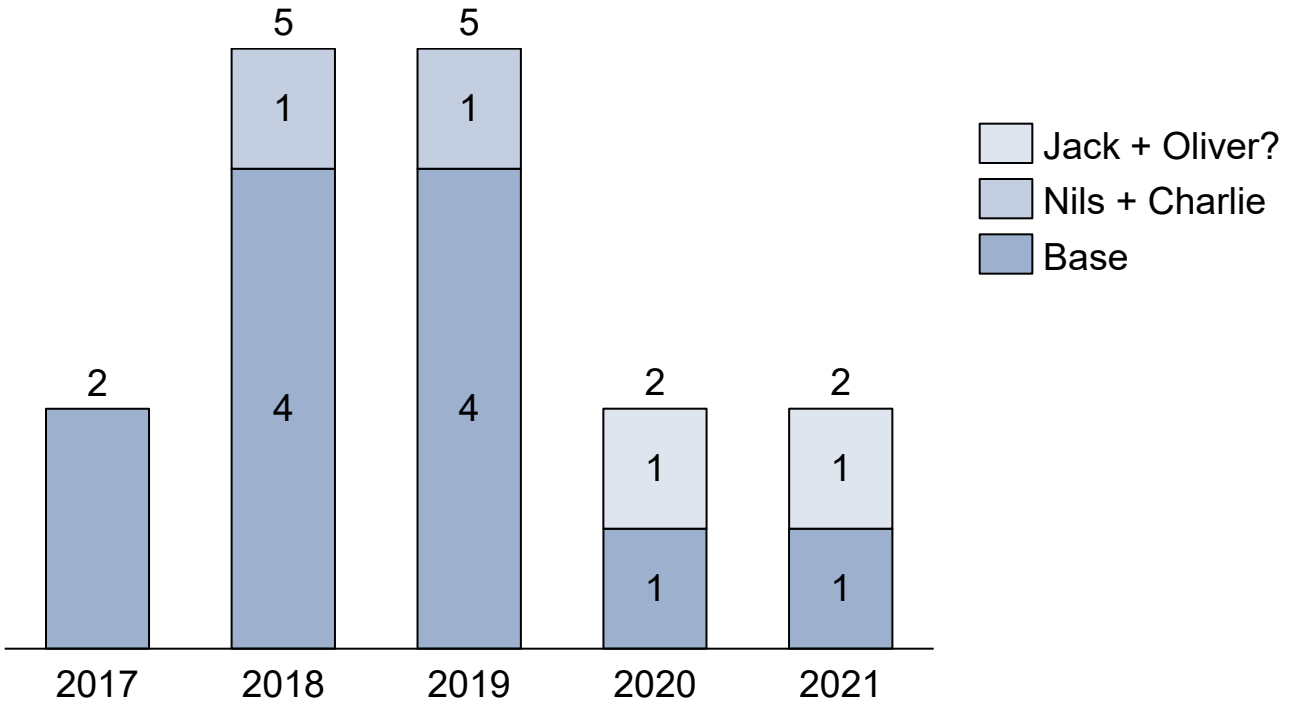

- Baseball is an athletic sport (but not an endurance sport), so we want to focus on enhancing our athleticism. Footwork, hand-eye coordination, speed, agility, are all key ingredients for becoming a good athlete.
- What can you do? PLAY CATCH – the ultimate parent-kid bonding, creates memories, repetition helps
- Don't worry about technique with your kid – I will worry about that when its time to worry.

4. Team Overview

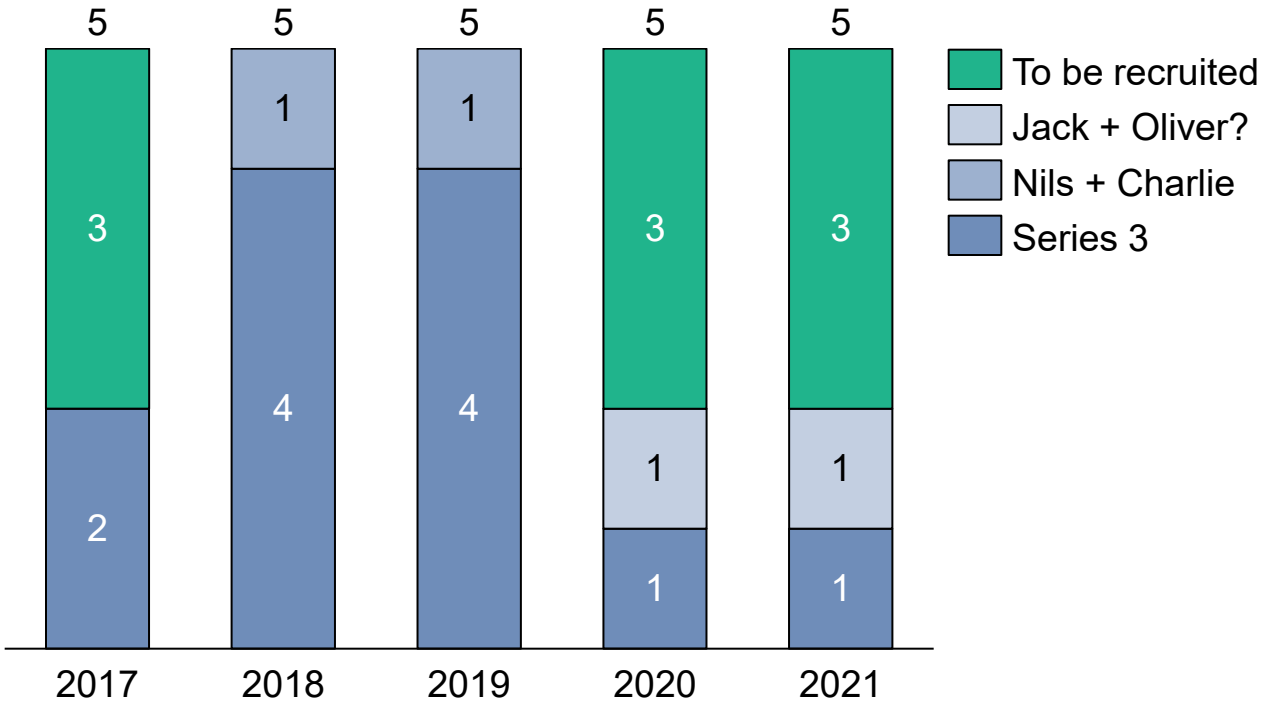

Total: 12 kids in base

New: 2?

Maybe's: 2

4. Team Ambition – 25

4. What can you do to help

1. Bring a friend – most powerful way.
    1. Friendship make kids stay
    2. Easier for parents to share responsibilities

2. Help with distributing the flyer at schools

6. Baseball Gear
